

## *Casement Window*

Modern, attractive, airy and spacious, casement windows built with American Window Systems vinyl are all these things and more. With an accented face and sleek sightlines, it is a design that focuses on glass area and the view beyond. Combine this with a smooth operating crank handle and added security of multi-point locking hardware, and you have a premium quality window in form, fit and function.

Casement windows add a touch of class and style to any room.

Available in white or almond solid vinyl. By adding a decorative glass design, you can design a look that's unique to your own style.

### Features & Benefits

- Special sill design provides for water run-off and an extra weather-tight seal.
